

Unemployed due to COVID? Need money to pay bills? Want to switch careers or develop a new set of skills?

gener8tor, a Wisconsin-based company that helps entrepreneurs launch startups, in partnership with New North and Microsoft is rolling out a new, FREE program called Upskilling. Upskilling, an online program for NE Wisconsin residents, will allow you to learn skills for and access in-demand job opportunities.

Upskilling allows you to focus on a career in **Customer Service** or **Sales**. As part of the program you'll learn about how to build a better resume or create one from scratch and prep for interviews. You'll also receive expert mentorship and job-coaching, and participate in a job fair that will allow you to get back into the workforce or get a better paying job.

You aren't alone in your search for a new or better job. We want to help you.

Apply by visiting the following link: bit.ly/ApplyUpskilling or by pointing your smartphone camera at the QR code in the corner.

The program lasts from **August 12th-21st, 2020** and anyone can apply!
For more info, check out our website by taking one of the tabs below.
